The Inclinator

Seed Unloader/ Loader

The Inclinator is designed to unload/load bulk seed, exceeding other conveyors in its size because of the patented cleated belt to create a positive drive for material on the incline section.

Patent No. US 6,170,646 & 6,675,958

Features:

- Low profile trailer hopper
- Easy to maneuver
- Compact high efficient design
- 12" crescent belt on horizontal conveyors for low profile
- 12" cleated belt on incline for high capacity and gentle seed handling
- Patented drive configuration
- 5 bolt roller bearing wheels for highway transport
- 5 hp electric or hydraulic drive
- 2000 pounds per minute capacity
- The collapsible hopper dimensions are 30" wide by 60" long w/ a height of 10"
- Discharge height is adjustable for loading semi-trailer
- Vulcanized drive pulleys are used for position, traction, and easier tracking
